**Subject: Notice of Violation – Yesterday South Lake Dam (MS00067)**

Dear Ms. Kallos,

This letter will serve as a written Notice of Noncompliance for failure to submit the required inspection report and for Yesterday South Lake Dam. On March 8, 2018, we sent you a postcard (encl. 1) notifying you that a Formal Dam Inspection was due to our office for review by June 1, 2018. On May 22, 2018 Quentin Graham and I met with Mr. Crigler to discuss the deficiencies of the dam such as:

1. Woody vegetation and depression on the upstream slope
2. Wave wash erosion
3. Trees and woody vegetation encroaching within 50 feet of the toe of the dam

You are hereby directed to submit a Formal Inspection to our office by **February 11, 2019**. Failure to submit the required report could lead to orders from the Commission on Environmental Quality which may include monetary penalties of up to \$25,000 per day and/or orders to drain the lake and remove the dam.

If you have any questions or need additional information, please contact me by e-mail at [JAtkins@deq.state.ms.us](mailto:JAtkins@deq.state.ms.us) or by phone at 601-961-5247.
