

# *Yesterday's South Community Alliance*

The Yesterdays South Community Alliance (YSCA) is simply an alliance of concerned residents of the Yesterdays South Subdivision who want to be involved and work together to keep our little subdivision one we can all be proud to live in. Members are those who want to be actively involved in The Alliance by donating time and resources to the projects we agree to start together.

**This is NOT an HOA and there is no money involved...** we are just trying to come together and provide a means of communication for projects, suggestions and happenings with the lake and community open space that will only enhance our neighborhood, our property values and our quality of life.

By becoming a Member and gaining access to the YSCA Website and its resources you are on board with the following guiding principles.

## *Guiding Principles for the YSCA*

- Utilize the experience of all Members to make and implement responsible decisions and to be good stewards of the Yesterdays South Community. Conduct communications with transparency, by providing all details, information and publications on the Website for Alliance Members to refer to 24/7.
- Uphold the published Covenants representing the interest of all Members to ensure that all residents contribute to the quality of life and preservation of and/or enhance the value of our properties as a whole.
- Protect and enhance the value of our neighborhood by maintaining the front entrance and street signs.
- Represent our tax base to the County to ensure we get needed support and services such as road repair.
- Communicate with Members to promote a close-knit neighborly community that works together for the good of all.
